

Jet Peel/Hydra Resurfacing Treatment for Sensitive Skin - \$150

Jet Peel uses pressurized liquid to gently & hygienically exfoliate, but at the same time, cleanse & hydrate the skin.

Microdermabrasion - \$150

Microdermabrasion is a skin exfoliation process that resurfaces the skin, to remove sun damage and to minimize the appearance of scars and dark spots. It is also widely used for treatment of acne and acne scarring. Microdermabrasion effectively resurfaces areas including the face, back, chest, and arms, for both males and females, with periodic treatments.

Emerge Laser for Fractional Non-Ablative Skin Resurfacing - \$300

Emerge provides fractional, non-ablative skin revitalization with little to no downtime. It is specifically designed for the treatment of pigmented lesions and mild to moderate wrinkles. The body's natural healing process then rebuilds the treated tissue with new collagen and elastin, which are the building blocks of youthful looking skin.

Laser Hair Removal

Lasers are useful for removing unwanted hair from the face, leg, arm, underarm, bikini line, and other areas. Each pulse of the laser takes a fraction of a second and can treat many hairs at the same time. The laser can treat an area approximately the size of a quarter every second. Small areas such as the upper lip can be treated in less than a minute, and large areas, such as the back or legs, may take up to an hour. We treat all skin types and all areas of the body. Price ranges by area and packages are offered.

## Facials

**Bumps Be Gone Pore Cleansing Acne Facial - (\$110-\$135)**

Recommended for oily and acne-prone skin using exfoliation and deep pore cleansing to maintain clear skin and prevent future breakouts

**Quench My Face- Hydrating Facial - \$110**

Don't let your skin get dry this winter! Uses restorative oils and hyaluronic acid to hydrate the skin making it smoother and more youthful appearing.

**Brighten Up- Skin Lightening Facial - \$145**

Uses fruit acids like glycolic and natural skin lightener to help achieve a brighter, more even complexion combined with massage and anti-oxidant rich products.

**Redness Relief- Calming Facial of Sensitive Skin - \$110**

Utilizes calming and soothing products to calm red, rosacea-prone skin by using anti-inflammatory agents and antioxidants.

**Anti-aging Vitamin C Facial - \$135**

Perfect facial for those needing to undo some of the damage inflicted by the sun and other environmental insults. Uses potent anti-oxidants such as vitamin C and green tea.

**NY Medical Skin Solutions Specialty Facial - \$150**

Incorporates potent anti-oxidants, skin brighteners, peptides and growth factors for the ultimate in anti-aging and skin rejuvenation, improving the overall tone and texture of your skin by reducing the appearance of fine lines, puffiness, irritation, and dryness.

**NY Medical Skin Solutions Signature Triple Radiance Facial (All skin types) - \$450**

Our signature facial which can be tailored to your specific needs to address: sun damage, redness, dehydration, clogged pores and congestion, or if you are simply in search of a

radiant glow. This facial includes: Microdermabrasion, Laser toning, and a chemical peel.

## Treatments

**Special Eye Treatment - \$35**

If incorporated with any of our facials \$20 Gentle exfoliation and Collagen Seaweed Eye Mask to treat puffiness, dark circles, fine lines, and wrinkles.

**Décolleté Treatment - \$120**

Anti-Aging and decongesting deep-pore cleansing treatment for your chest.

**Back Treatment for Acne - \$150**

A decongesting, deep-pore cleansing treatment for your back.

## Peels

**Glycolic Peel - \$150**

Glycolic acid encourages new cell regeneration and helps to improve skin tone. They can aid in reducing mild acne scars and fine lines and can help unclog pores. Glycolic acid peels are considered a light grade peel and can help relieve chronic dry skin and uneven pigmentation.

**Salicylic Peel - \$150**

Salicylic Acid is an effective but gentle chemical peel designed to help you achieve dramatic improvement in texture and tone with minimal downtime. This renewal process has been clinically proven to help conditions including fine lines, photo damage, pigment irregularities and acne. It is gentle enough to use every two to three weeks for maximum benefits.

**Dermaceutic Peel - \$300**

Dermaceutic treatments visibly reduce unwanted pigmentation, fine lines, wrinkles, and help improve skin tone and texture through a combination of in-office treatments and homecare products. Dermaceutic has been used in Europe for over 10 years and is the #1 peel system in France! Dermaceutic comes in 3 different configurations and strengths based on skin condition and patient needs. They are combined with a one-month homecare kit designed to maximize results. This treatment includes: in office peel, and a kit to be used at home.
